Creating synergy together

ABOUT the INTERNATIONAL BUSINESS PLATFORM - CROATIA

The IBPC is a connecting platform where businesses from anywhere in the world can tap into the opportunities and advantages available in Croatia and the wider region. This platform is also how businesses from Croatia and the region, such as trading companies, manufacturers, advisors, lawyers, entrepreneurs, specialists, and those in the real estate sector, can reach out to the international market.

The IBPC IS WORKING FOR YOU

The IBPC is a great melting pot of businesses from many cultures; a business hub; a high energy starting-point; and an action-oriented connector, linking Croatian and regional companies with markets, organisations and businesses around the world.

We provide invaluable services to regional companies wanting to explore possibilities in international markets.

ZAGREB

The IBPC is situated in the heart of Zagreb, the home of corporate HQs and decision makers.

Zagreb, Croatia's capital and a city of just under a million, is home to a dynamic and thriving business community. The city's close ties to Croatian regional centres such as Dubrovnik, Osijek, Pula, Rijeka and Split, also make it an effective gateway to the entire country's considerable potential. Zagreb is a major driver of investment not only within Croatia, but also across the wider region, and its importance as a hub for international business in Southeast Europe continues to grow.

Zagreb is a vibrant and very liveable city in the north-west of Croatia, situated on the river Sava and at the southern slopes of the unique Medvednica Mountain nature park. Businesses choose Zagreb for its welcoming atmosphere, rich cultural and natural heritage, entrepreneurial spirit and highly-educated and skilled workforce.

OUR WEBPAGE

The EcoGreen Europe webpage allows you to have easy and convenient access to our services and contact information, anytime and from anywhere. Be sure to visit our website to find out how the International Business Platform can benefit your business today.

NETWORKING & PD

The IBPC hosts, initiates and coordinates networking and professional development events throughout the year. Events include the monthly after work cocktail mixer, business breakfast and lunch & learn seminars, as well as forums and round tables with high profile speakers.

Our seminars feature experienced speakers from relevant agencies, or practitioners from the business community. Each seminar is targeted to a specific sector and geographic area.

The IBPC complements other networking organisations and chambers of commerce - creating synergy together
